Organization Spotlight

The Francophone Circle aims to raise awareness about the Francophone culture by working collectively with the international community within St. John's University. The organization intends to promote the understanding, study and the appreciation of the Francophone culture. Some signature events are the Metropolitan Museum trips, French poetry contest, Table Ronde, French Movie Night, Crossing Borders, Death of Two Sons debate, and Edith Piaf movie and documentary.

Simisola Ogunsuwa
Events Review Chair
Student Government Inc.

The Events Review Committee is SGI's review board. We review events that Organizations under Student Government throw. There are 3 basic categories of events we review: Events that were funded by special allocations, the major events that organizations throw, and events that organizations request we review. The Events Review Committee attends and evaluates the quality and cost effectiveness of these programs. Members then analyze those programs and provide feedback to the organizations committee, budget committee, the organization under review and Student Government. This is essential with making future recommendations to the direction of Student Government funding for student organizations and University-wide events. We are also responsible for making sure that all organizations under SGI throw quality events that will better the University as a whole We do not do put on events because we are a review board. The best thing about the Events Review Committee is that it makes you more involved and active on campus. You go to events that you would not go to on a normal day. It exposes you and really shows you how fun and interesting St. Johns is. The Chairs also give a little reward to any member that does an outstanding job every month. If you are interested in joining this committee you can email us at stjeventsreview@gmail.com.
